COMMUNITY DEVELOPMENT BLOCK GRANT PUBLIC NOTICE

The City of Eureka will hold a public hearing to discuss the allocation of \$20,000.00 in Community Development Block Grant funds, which will become available after January 1, 2022. The public hearing will be held at 7:00 p.m. on August 3, 2021 at The Timbers of Eureka, 1 Coffey Park Lane, Eureka, MO 63025. To further its commitment to fair and equitable treatment of all citizens, the City of Eureka has enacted and/or enforces the following: (1) A Fair Housing Ordinance prohibiting unlawful discrimination against any person because of race, sex, color, religion, disability, familial status or national origin; (2) A Policy of Nondiscrimination on the Basis of Disability in the admission or access to, or employment in, its federally assisted programs or activities; (3) A Policy of Equal Opportunity to Participate in Municipal Programs and Services regardless of race, color, religion, sex, age, disability, familial status, national origin or political affiliation; (4) A requirement for bidding on CDBG activities that promotes employment opportunities created by HUD funding and that these opportunities be afforded to low-income community residents and businesses.

If you would like information regarding the above policies or if you believe you have been unlawfully discriminated against, contact the following municipal official or employee who has been designated to coordinate compliance with equal employment opportunity requirements referenced above: City Administrator Craig E. Sabo, 100 City Hall Drive, P.O. Box 125, Eureka, MO 63025, cesabo@eureka.mo.us or 636-938-5233. If you are a person with a disability or have special needs in order to participate in this public hearing, please contact City Clerk Julie Wood at jwood@eureka.mo.us or 636-938-5233 no later than 10:00 a.m. on August 3, 2021. For more information call: 636-938-5233 - RELAY MISSOURI VOICE 1-800-735-2466 or RELAY MISSOURI TDD 1-800-735-2966. The City of Eureka is an Equal Opportunity Employer.

ANNUAL WATER QUALITY REPORT

The current Water Quality Report is available at the Missouri Department of Natural Resources (www.dnr.mo.gov/ccr/mo6010258.pdf). The report is also posted at City Hall and on our website at www.eureka.mo.us (via a link on the Public Works Department webpage). Please note there were no drinking water regulation violations last year. If you require a printed copy of the report, please call City Hall.

GOLF CART REGULATIONS

Golf carts may travel on City streets with a posted speed limit of not greater than thirty (30) miles per hour. One must possess a valid Driver's License and Insurance when operating a golf cart on streets within the City, and the golf cart must first pass an inspection to verify compliance with National Traffic Safety standards. An inspection appointment must be made through the Building Department, and such inspections are performed at City Hall. Upon passing the inspection, the City will issue a compliance sticker (at no cost) which must be displayed in the lower left-hand portion of the windshield. Golf carts are prohibited within the boundaries of any City Park (other than designated parking areas), trails, sidewalks or medians. Golf cart regulations are available on the Municipal Code & Amendments section of the City's website, or a hard copy is available at City Hall.

BOARD OF ALDERMEN ACTION

Adopted the following by Ordinance:

- Authorize Entering into a Contract with Tramar Contracting, Inc. for Street Restriping Services.
- Adopting the Fiscal Year 2021-2022 Budget.
- Contract with Ideal Landscape Construction for Park Drainage Improvement Services.
- Amending the Municipal Code relating to Advisory Park Board and Tree Ordinance Provisions.

Resolution No. 6-1-21-1: Amending the Fiscal 2020-21 Budget to reflect actual events which took place during the 2020-21 Fiscal Year.

EXTERIOR APPEARANCE PROGRAM

Please note that pursuant to the City's Exterior Appearance Program, before any property can be sold an inspection must be performed by the Building Department to determine if there are any deteriorated conditions that need to be addressed prior to closing. An option is available for the buyer to accept responsibility for any issues that are identified. For additional information, please contact the Building Department at 938-5233.

TRASH COLLECTION REMINDERS

During the summer months when lawn sprinklers are turned on, please be mindful of the fact that if you place your paper yard waste bags near an area that is sprinkled they may fall apart, leaving debris in your yard and the street when the trash hauler attempts to transport them to the truck. To avoid this type of situation, please place paper yard waste bags in an area not directly watered by the sprinkler.

If you feel you have an excessive amount of bulky trash to be picked up which might require more than one person to load the items onto the truck, please call Waste Connections at 636-321-2100 so they can evaluate the situation prior to the regularly scheduled pickup and remove the articles in a timely fashion.

STORMWATER MANAGEMENT

Unlike wastewater, stormwater is not treated at a sewage treatment plant. Anything dumped or placed on the ground is carried away by stormwater runoff and will end up in the City's storm drains which discharge into our ditches, reservoirs, creeks, ponds, lakes and rivers. Yard waste such as leaves and grass clippings cause elevated levels of nutrients in our waterways and are harmful to fish and aquatic organisms. Properly disposing of these materials will prevent them from entering the City's storm drains. You may wish to consider establishing a compost pile for use in your vegetable and flower gardens. Pet waste left on the ground contains high concentrations of bacteria and can be carried by stormwater runoff, which is harmful to fish and aquatic organisms. Bag it up and place it in the garbage or flush it. Applying lawn and garden chemicals sparingly and according to the directions not only saves you money, but helps protect our ditches, reservoirs, creeks, ponds, lakes and rivers. Excessive application adds to the nutrient levels in these waterways and is harmful to fish and other animals who depend on clean water for their health.

WATER PRESSURE REGULATORS

It is recommended that a periodic inspection and testing be performed for those of you who have water pressure regulators installed in your home to help ensure they remain in good working order. A malfunctioning water pressure regulator may result in low household water pressure or in high water pressure which could potentially damage your fixtures and/or appliances connected to water lines.

COMMUNITY EVENT
